Regulatory Compliance and Accreditation

Eurofins Viracor's personnel and facilities meet the most exacting professional standards with our experienced staff dedicated to maintaining compliance, privacy, and full accreditation. We comply with all federal, state, and local laws/regulations and go beyond CLIA-88 and HIPAA to incorporate features of Good Clinical Practices, Good Clinical Laboratory Practices and other stringent regulatory standards.

Eurofins Viracor is routinely inspected by official regulatory agencies who certify our laboratories, record-keeping, and diligence. In addition, we operate our own Quality System Compliance Training for all laboratory staff and maintain an independent Quality Assurance Unit for internal staff auditing. All records are archived using secure computer system validation.

Eurofins Viracor complies strictly with Health Insurance Portability and Accountability Act (HIPAA) standards. We also monitor and audit our protocols and provide annual training to ensure a workforce strongly committed to the privacy and confidentiality of all medical records.

Quality Compliance ▶

Eurofins Viracor stands on the bedrock of extensive accreditation rules set by the federal government and multiple state health agencies.

- Certification with the Clinical Laboratory Improvement Amendments (CLIA) through the Centers for Medicare and Medicaid Services (CMS)
- Accreditation with College of American Pathologists (CAP)
- Additional state clinical laboratory testing accreditations
 - New York Clinical Laboratory Permit
 - California Clinical Laboratory License
 - Maryland Medical Laboratory Permit
 - Pennsylvania Clinical Laboratory Permit
 - Rhode Island Clinical Laboratory License

Clinical Info ▶
